Appendix A Samples Recycled-Content Purchasing Policies

SAMPLE #1

Jurisdiction/Organization (name) Purchasing Policy

Purpose

The jurisdiction or organization provides that all departments shall, whenever possible, use recycled products and recycled materials to meet their needs. This policy is enacted to demonstrate compliance with the Waste Management Reduction Act and foster market development for recycled products.

Definitions

Recycled Material - Waste material and by-products that have been recovered or diverted from the solid waste stream and that can be utilized in place of raw or virgin material in the production of a product. Recycled materials may consist of material derived from post-consumer waste, manufacturing waste, industrial scrap, agricultural waste, and other items, all of which can be used in the manufacture of new products.

Post-Consumer Recycled Materials - A finished material or product that has served its intended use and would normally be disposed of as solid waste. Examples of post-consumer recovered materials include, but are not limited to old newspaper, office paper, yard waste, steel, glass, aluminum cans, plastic bottles, oil, asphalt, concrete, and tires.

Practicable - Sufficient in performance and available at a reasonable price within a reasonable time period.

Pre-Consumer - Materials or by-products generated after manufacturing of a product is completed, but before the product reaches the end-use consumer. Examples of pre-consumer recovered materials include, but are not limited to; obsolete inventories of finished goods, rejected unused stock and paper wastes generated during printing, cutting, and other converting operations.

General Policies

- A. All jurisdiction or organization departments shall use recycled products whenever practicable. Special emphasis shall be placed on the purchase of products manufactured with post-consumer recycled materials.
- B. All jurisdiction or organization departments may, at their option and with purchasing concurrence, require procurement of designated recycled products or recycled products above the levels required by this policy.
- C. The jurisdiction or organization shall require its contractors and consultants to use and specify recycled products in fulfilling contractual obligations whenever practicable.
- D. The jurisdiction or organization shall promote the use of recycled products publicizing its procurement policy whenever practicable.

Responsibilities of (title of person assigned to coordinate the policy)

The (title) shall coordinate the implementation of this policy. He/she will establish a list of recycled products that shall be purchased by all jurisdiction or organization departments whenever practicable and will develop the mechanism for maintenance, additions, and deletions to the list of recycled products available for procurement. Maintenance of the list will include addition of new products containing recycled material as they become available and make available to departments specifications on the new product along with a list of suggested uses. The (title of individual) will also work with all departments to establish minimum recycled-content standards for designated recycled products to maximize recycled-product availability, recycled-content, and competition. To the extent such information is known; city/county staff/organization staff shall identify to the (title), products available with recycled-content and vendors from whom such products are available. The (title) will also be responsible for information and dissemination of that information to all departments and for annual policy review.

Responsibilities of All Other Jurisdiction or Organization Departments

- A. Each department shall purchase recycled products whenever practicable.
- B. Evaluate recycled products on the established list.

SAMPLE #2

Waste Reduction And Recycling

The jurisdiction or organization will act to make resource conservation an integral part of the physical operation of the waste reduction and recycling programs. The practice of discarding materials used in jurisdiction or organizational facilities is wasteful of natural resources, energy, and money. It is also a function of the jurisdiction or organization to set an example of stewardship of our natural resources.

It will be the policy of the jurisdiction or organization to implement the following actions:

1. The jurisdiction or organization will integrate the concept of resource conservation, including waste reduction and recycling, into its environmental programs.
2. The jurisdiction or organization will decrease the amount of waste of consumable materials by: a) reduction of the consumption of consumable materials wherever possible; b) full utilization of all materials prior to disposal; and c) minimization of the use of non-biodegradable products wherever possible.
3. The jurisdiction or organization will cooperate with, and participate in, recycling efforts being made by the city and county. As systems for the recovering of waste and recycling are developed within the jurisdiction or organization, they will participate by appropriately separating and allowing recovery of recyclable waste products.
4. The jurisdiction or organization will purchase, where financially viable, recycled products. The jurisdiction or organization will also encourage suppliers, both private and public, to make recyclable products and unbleached paper products available for purchase.
5. Representatives of the jurisdiction or organization will actively advocate where appropriate for resource conservation practices to be adopted at the local, regional, and state levels.

Appendix B

Sample Budget Itemization

Task #1	Category	Expenditure Details	Grant	Match	Total
Plan and	Engineering and	\$55/hr. X 60 hrs. Supervising Engr.		\$3,300	\$3,300
Design of	Planning Staff (E&P staff)	\$35/hr. X 100 hrs. Staff Engr.		\$3,500	\$3,500
Process/					\$0
Equip					\$0
	SUB-TOTAL		\$0	\$6,800	\$6,800
Task #2	Category	Expenditure Details	Grant	Match	
Solicit bids	E&P staff	\$35/hr. X 120 hrs. Advertise		\$4,200	\$4,200
Award bids	E&P staff	\$35/hr. X 80 hrs. Review and award bids		\$2,800	\$2,800
Purchase	Equipment	Molds	\$75,000	\$25,000	\$100,000
Equip.	Equipment	Conveyor system/Screens	\$125,000	\$35,000	\$160,000
	Equipment	Press	\$15,000	\$16,630	\$31,630
	Equipment	Mixer	\$10,000	\$7,520	\$17,520
	Equipment	Motors/Control Panels	\$25,000	\$10,000	\$35,000
	SUB-TOTAL		\$250,000	\$101,150	\$351,150
Task #3	Category	Expenditure Details	Grant	Match	
Install,	E&P Staff	\$35/hr. X 80 hrs. Installation		\$2,800	\$2,800
Test	Electricians	2 @ \$30/hr. X 150 hrs. Installation		\$9,000	\$9,000
and	E&P Staff	3 @ \$35/hr. X 50 hrs. Process Startup/Eval		\$5,250	\$5,250
Evaluate	SUB-TOTAL		\$0	\$17,050	\$17,050
TOTAL GRANT FUNDS			\$250,000		
TOTAL MATCH FUNDS				\$125,000	
TOTAL PROJECT FUNDS					\$375,000

Appendix C

Grant Application Checklist

This checklist has been provided to assist you in completing the Tire Product Commercialization Grant application. You do not need to submit the checklist with your application. See scoring criteria in Appendix E.

Step 1 – Project and Applicant Eligibility

- ☐ Verify that your jurisdiction or organization is eligible for this grant.
- ☐ Can your jurisdiction or organization satisfy the following requirements: 50 percent match of the grant amount.

Step 2 – Question-and-Answer Period

- ☐ Did you review the application? Do you have any program-specific questions before completing the application?
- ☐ Questions must be submitted in writing no later than September 17, 2002.

Step 3 – Application

Cover Sheet

Most of the information required is self-explanatory (name, address, etc.); however, please make sure to provide all information requested. Grant applications have been rejected in the past for failing to complete the following critical information:

- ☐ Authorized Signature.
- ☐ Project Summary.
- ☐ Correct Matching Grant Amount.
- ☐ Legislative District Numbers.
- ☐ Federal ID Number.
- ☐ If you hired a consultant to complete the application, provide the name of the person who completed this application – include company name and phone number.
- ☐ Environmental Justice - Did you check the box and initial certification?
- ☐ Fill out and sign the **General Checklist of Business Permits, Licenses, and Filings** (include copies of applicable Business Permits, Licenses, and Filings, and attach with Checklist to back of Application Cover Sheet)

Criterion #1 – Need

- ☐ Your organization may receive up to 20 points for this section.

Criterion #2 – Work Plan

- ☐ Your organization may receive up to 5 points for this section.
- ☐ Include a task number for each item and the requested information (on the spreadsheet) for each task. Each of these tasks should be itemized in your budget.

Criterion #3 – Project Goals and Objectives

- ☐ Your organization may receive up to 5 points for this section.
- ☐ Develop your Goals and Objectives using the information you have identified and developed in your Need and Work Plan sections.

Criterion #4 – Project Evaluation

- ☐ Your organization may receive up to 5 points for this section.
- ☐ Also list the person(s) and phone number(s) responsible for the project evaluation.

Criterion #5 – Budget Itemization

- ☐ Your organization may receive up to 5 points for this section. Provide a thorough itemization of funds, including volunteer time, donated materials and supplies, and contingency costs.
- ☐ Is your budget realistic for the project proposed?
- ☐ Did you provide quotes and/or cost estimates?
- ☐ Are all budget itemization totals accurate?
- ☐ Is your project conducted in the most cost-effective manner?
- ☐ Do your budget items match the items in your Work Plan? All task numbers should correspond.
- ☐ Is the match fund equal to 50 percent of the grant funds or more?

Criterion #6 – Completeness, Letters of Support, Experience, etc.

- ☐ Your organization may receive up to 5 points for this section. Please read the questions carefully and provide the requested information.
- ☐ Are at least three (3) letters of support included in the application packet?
- ☐ Are resumes, endorsements, and references for the project manager included in the application packet?
- ☐ Did you include and describe any CIWMB grants that were received in the last three fiscal years?
- ☐ Did you complete and sign the Checklist of Business Permits, Licenses, and Filings? Attach to Application Cover Sheet.

Criterion #7 – Recycled-Content Purchasing Policy or Directive

- ☐ Your organization may receive up to 10 points for this section.
- ☐ The jurisdiction or organization may establish a policy or directive prior to the application deadline.

Criterion #8 – Production

- ☐ Your organization may receive up to 20 points for this section.
- ☐ Production of molded rubber products will receive maximum points. Also considered for points are production or use of crumb rubber, devulcanized rubber or production of tire shreds (15 pts) and other uses (5 pts).

Criterion #9 – Capacity

- ☐ Your organization may receive up to a maximum of 20 points for this section depending on the number of Passenger Tire Equivalents (PTE's) utilized. Provide your estimates in PTE's. Either:
- ☐ Provide evidence of market potential to absorb, or commitment to purchase, rubber from waste tires generated in California or, as appropriate,
- ☐ Provide evidence of Applied Technologies and/or research and development on waste tire product commercialization and/or innovative waste tire recycling technologies utilizing California waste tires.
- ☐ Documentation supporting number of tires recycled will be required in Final Report.

Criterion #10 – Previous Board Grants

- ☐ Your organization may receive up to 5 points for this section.
- ☐ If applicant has not been awarded any CIWMB grants within the last three (3) FY's (1999/2000 through 2001/2002. No points will be given if applicant has had a grant within the last three fiscal years.

Resolution/Joint Powers Authority

- ☐ Did you include the approved resolution in your application packet?
- ☐ If not, did you submit the resolution form with a date indicating when your governing body will meet?
- ☐ If applying as a Joint Powers Authority, did you include your JPA form or Memorandum of Understanding?

Copies

- ☐ Are the original and all four (4) copies in a font of no less than 10 points, printed on recycled-content paper, double sided, and fastened in the upper left-hand corner? DO NOT bind the application.
- ☐ Is the original marked or stamped "original?"
- ☐ Are the copies marked or stamped "copy?"
- ☐ A copier can sometimes skip pages. Check that each copy contains all the pages. Remember that points are awarded or deducted under the Completeness Criterion.

Signature

- ☐ Is there an authorized signature on the cover sheet of the original and copies?
- ☐ Does the signature belong to the person whose title is authorized in the resolution to sign grants, contracts, and requests for payment?

Form 204

- ☐ Has a completed Form 204 been filed with CIWMB? A completed Form 204 must be on file before the Grant Agreement can be executed.

Appendix D

Definitions

The following definitions apply to the Local Government Waste Tire Public Education & Amnesty Grant Program

Amnesty Day Event – a special event held by a jurisdiction or organization to collect used and waste tires from local residents, but not from businesses.

Applicant – the jurisdiction or organization submitting an application and requesting funds.

Applied Technology – the application of proven technology to California waste tire problems/projects resulting in the reduction of waste tire quantities.

Authorized Signature – the title of the person authorized by the applicant's governing or managing body, to execute in the name of the jurisdiction or organization all necessary applications, contracts, agreements, amendments, and payment requests for the purpose of securing grant funds and to implement and carry out the purposes specified in the grant application.

Board - refers to the six member governing body of the CIWMB.

Budget Itemization – a detailed list of all eligible costs relating to the project.

Cash Match – a.k.a “hard match” refers to funds from another source that is budgeted for the project.

CIWMB - refers to the California Integrated Waste Management Board, staff, programs, projects, etc.

Competitive Grant – an award of money for which applicants compete.

Contingency –an unforeseen event. Contingent expenses are those used for unexpected conditions.

Cooperating Agencies – external organizations outside the applicant's agency that will work with the applicant to complete a project. For example: Rotary, Kiwanis, and neighborhood associations.

Criterion – a rule or principle for evaluating; a standard of judgment or criticism. There are 12 criteria that are used in scoring.

Cost Savings – sum of money reserved as a result of the economical use of funds.

Crumb Rubber – waste tire rubber particles ¼ inch or less in size.

Devulcanized Rubber – rubber that has undergone devulcanization (devulcanization is the process of breaking the sulfur cross-links in vulcanized rubber, such as in tires, using chemicals, steam, mechanical action, or sonic or electromagnetic energy).

Endorsement – written approval or sanction.

Environmental Concerns – impacts from the environment that might have negative effects on public health, safety, and the environment.

Environment Justice - "The fair treatment of people of all races, cultures, and income with respect to the development, adoption, implementation, and enforcement of environmental laws, regulations, and policies" {Government Code § 65040.12(e)}.

Estimate - a written statement of the approximate charge for the work to be done, submitted by a person, or company ready to undertake the work.

Evaluation – to determine the significance or quality of; to assess methods used to measure the success of the project.

Goal – an object or end one tries to attain.

Grantee – the term used to refer to the jurisdiction or organization after it has a signed grant agreement with the CIWMB.

Grant Agreement – legal, binding document that includes a cover sheet, terms and conditions, procedures and requirements, work statement, budget, attachments, and is signed by both the grantee (with designated signature authority) and the CIWMB Executive Director or his designated signator.

Grant Award – amount of money awarded by the Board to complete the proposed project.

Grant Request – the amount of grant money requested by the applicant.

Health and Safety Threats – hazards that could be unsafe or cause injury, illness, or death to residents.

In-Kind Match – a.k.a. "soft match" is the project's contribution of non-cash outlay of materials or resources to support a percentage of the CIWMB grant award activities. It may include non-cash outlay contributed by other public agencies and institutions, private organizations, and individuals. Examples include donated supplies, equipment, professional services, and volunteer time. In general, the value of in-kind contributions is determined by fair market value.

Indian Tribe - "Indian Tribe" means and Indian tribe, band, nation, or other organized group or community, residing within the borders of California, which; 1) is recognized as eligible for special programs and services provided by the United States to Indians because of their status as Indians; or 2) which can establish that it is a governmental entity and which meets the criteria of the grant program.

JPA (Joint Powers Authority) – an agreement between two or more agencies, which specifies the responsibilities of each agency in implementing the project.

Jurisdiction - for the purposes of this application, jurisdiction means California cities, counties, special districts or political subdivisions thereof, and Federally recognized California Indian tribes.

Matching Funds – means money that is provided by the public entity and does not consist of funds previously received from state or federal agencies or public entity funds previously used to match federal or state funds.

Materials/supplies – the items or apparatus needed to make or complete a project.

Manifest Form– means the form developed by the CIWMB that tracks waste tires from the point of origin to the processing, collection, storage, or disposal facilities.

Molded Rubber Product – crumb rubber derived product that is formed using a mold and pressure or by extrusion.

MOU (Memorandum of Understanding) – a formal agreement between two or more agencies, which specifies the responsibilities of each agency in implementing the project.

Notice to Proceed – the formal letter from the CIWMB notifying the grantee to start its grant project.

Need – a lack of something wanted or deemed necessary.

Objective – a measurable target that must be met on the way to attaining a goal.

Other Costs – costs not included in the listed categories of the budget and not listed as ineligible costs.

Personnel Services – may include salaries, wages, and benefits for personnel who are employed by the applicant and who will work directly on the project.

Post-Consumer Material - As defined in the Public Contract Code (PCC) Section 12200(b) "...a finished material that would have been disposed of as a solid waste, having completed its life cycle as a consumer item." It does not include manufacturing wastes. Post consumer material is generally a product that was bought by the consumer, used, and then recycled into another product.

Program-Specific Questions – questions that specifically address issues pertaining or relating to this Grant Program.

Primary Contact – the main person with whom the CIWMB grant manager will communicate regarding questions, requests, and clarifications.

Project Cost – all allowable costs, incurred by the recipient and the value of the contributions made by third parties in accomplishing the objectives of the award during the project period.

PTE/Passenger Tire Equivalent – the amount of waste tire derived rubber in weight (rubber only, does not include fiber or steel) equivalent to that contained in an average passenger car tire (CIWMB uses 12 lbs crumb rubber per PTE)

Quote – to provide in writing, the current or market price of a service, supply, materials, or piece of equipment.

Reasonable Costs – costs that are moderate in price; and reflect the costs of the geographical location.

Recipient – the jurisdiction or organization receiving a grant award from CIWMB to complete a project.

Recycle – to treat or process used or waste material so as to make it suitable for re-use or a new use.

Recycled-Content Material (Recycled Product) - as defined in PCC Section 12200(a)(1) "all materials, goods, and supplies, no less than fifty (50) percent of the total weight of which consists of secondary and post-consumer material with not less than ten (10) percent of its total weight consisting of post-consumer material. A recycled product shall include any product that could have been disposed of as solid waste having completed its life cycle as a consumer item, but otherwise is refurbished for reuse without substantial alteration of its form.

Recycled-Content Purchasing Directive – an administrative order, policy, or memo instructing the purchase of recycled-content products.

Recycled-Content Purchasing Policy – a policy of a jurisdiction or organization specifically to purchase recycled-content products instead of non-recycled products whenever price, quality, and availability are comparable.

Recycling Program – a plan of action to accomplish recycling and/or to create awareness of the importance of recycling.

Reference – a formal statement regarding a person's or organization's character or experience.

Resolution – a formal authorization of opinion, support or intention made, usually after voting by a formal organization.

Resume – a brief written account of personal, educational, and professional qualifications and experience.

Secondary Contact – the alternate person (if the primary contact is not available) with whom the CIWMB grant manager will communicate regarding questions, requests, and clarifications.

Secondary Material - As defined in PCC 12200(c) "...fragments of unfinished products or finished products of a manufacturing process that has converted a resource into a commodity of real economic value, and includes post-consumer material, but does not include excess virgin resources of the manufacturing process." The material (product) did not get to the consumer before being recycled.

Tasks – the specific activities conducted to complete a project.

Time Frame - a period of time during which something has taken or will take place; the project beginning and ending date required to complete the project or task.

Tire Product Commercialization – the successful commercialization of products produced from California waste tire derived rubber.

Total Grant Request – the amount of the grant funds requested.

Underserved area – low-income and minority populations that have disproportionately high adverse human health and environmental effects.

Unmet Need – a lack of service, equipment, funding, or facility to fulfill the project.

Used Tire -- means a tire that meets all of the following requirements:

1. The tire is no longer mounted on vehicle but is still suitable for use as a vehicle tire.
2. The tire meets the application requirements of the Vehicle Code and Title 13 of the California Code of Regulations.
3. The used tire is stored by size in a rack or a stack, but not in a pile, in a manner approved by the local fire marshal and vector control authorities and in accordance with the state minimum standards. The used tire shall be stored in a manner to allow inspection of each individual tire.

Volunteer Labor – work produced by a person or persons willingly and without pay.

Waste Tire – A tire that is no longer mounted on a vehicle and is no longer suitable for use as a vehicle tire due to wear, damage, or deviation from the manufacturer's original specifications. A waste tire includes a repairable tire, scrap tire, and altered waste tire, but does not include a tire derived product, crumb rubber, or a used tire that is organized for inspection and resale by size in a rack or a stack in accordance with subdivision (Public Resources Code (PRC) Section. 42950(k)).

Waste Tire Hauler– means any person engaged in the transportation of ten (10) or more waste tires and who is registered as a waste tire hauler with the CIWMB.

Waste Tire Manifest System– includes the waste tire manifest form developed by CIWMB and all procedures and regulations applicable to the transportation of waste tires.

Work Plan – a set or system of methods or the detailed listing of all tasks (and sub-tasks) necessary to complete a project and support the project goals and objectives.

Appendix E

GRANT SCORING CRITERIA

Applications will be evaluated using the following Grant Scoring Criteria adopted by the Board for this grant program. The bullets noted under each of the criteria are provided for general guidance and may or may not appear on the Application Form. **Please note that Program Criteria Numbers 8 through 10 have been revised from the previous application.** All applicants must address both General and Program Criteria.

TIRE PRODUCT COMMERCIALIZATION GRANT PROGRAM GRANT SCORING CRITERIA FOR FISCAL YEAR 2002/2003	
Applicants must score 70% (70 points) of 100 points to be considered for funding.	
Points	Description
GENERAL CRITERIA	
20	<p>1. NEED--Grant proposal clearly and convincingly describes and demonstrates why the project should be funded (e.g., the local, statewide, or national market for the product, benefits, end products etc.)</p> <ul style="list-style-type: none"> • Provides convincing reasons why the project should be funded; • Addresses identified, current unmet need; • Describes and documents the problem; and • Supports the existence of the problem with empirical data.
5	<p>2. GOALS AND OBJECTIVES—Work Plan and grant Need narrative are sufficiently detailed to determine that the project:</p> <ul style="list-style-type: none"> • Is based on the identified need; • Describes specific and measurable objectives; and • Demonstrates that objectives can be achieved within indicated time frame.
5	<p>3. WORK PLAN--Grant proposal describes by task the activities to be undertaken to achieve the objectives. For example, proposal:</p> <ul style="list-style-type: none"> • Describes alternatives to address the identified need and why the proposed activities are the best way to address the need; • Describes in detail how the objectives will be met with available time and resources; • Identifies staffing required to carry out the proposed project; and • Describes involvement of cooperating organizations, if any.
5	<p>4. EVALUATION--Grant proposal describes a method to evaluate the success of the project and determine whether objectives were accomplished. For example, proposal:</p> <ul style="list-style-type: none"> • Includes both a process and outcome evaluation; • Explains any statistical tests, surveys or questionnaires to be used; and • Describes any evaluation reports to be produced.

5	<p>5. BUDGET--Grant proposal demonstrates that the project is cost effective in relation to the location, source, quality, and quantity of targeted wastes. For example:</p> <ul style="list-style-type: none"> • Budget itemization is sufficiently detailed to determine that proposed expenses are reasonable; • Quotes, estimates, or other documentation to support the costs claimed are provided; • All program tasks described in the Work Statement and narrative are itemized in the budget; and • Budget items for miscellaneous, contingency or managerial costs are clearly described and kept to a minimum.
5	<p>6. COMPLETENESS, LETTERS OF SUPPORT, EXPERIENCE, ETC.--Grant proposal is clearly presented and complete as required in the application instructions including adherence to all specified deadlines. Includes evidence that the applicant or its contractor(s) have sufficient staff resources, technical expertise and experience successfully managing grant programs, to carry out the proposed project. For example, proposal:</p> <ul style="list-style-type: none"> • Includes letters of commitment or intent to purchase product; • Addresses ability of the applicant to coordinate contracted activities, if applicable; • Includes resumes, endorsements, references, etc.; and • Describes past grants received from CIWMB or other agencies and relationship to current proposal.
10	<p>7. EVIDENCE OF A RECYCLED-CONTENT PURCHASING POLICY OR DIRECTIVE Applicants should demonstrate the purchase of recycled-content products, recycled or reused products, such as purchasing rubberized asphalt concrete (RAC), re-refined oil, recycled-content paper, use of compost and mulch, and other "green" products or materials, or engage in other waste reduction activities where appropriate and feasible. In addition to earning points for implementing a recycled-content purchasing policy or directive, applicants may earn points by checking boxes on a list of commonly purchased recycled-content products and materials.</p>
55	TOTAL POSSIBLE GENERAL CRITERIA POINTS
PROGRAM CRITERIA	
20	<p>8. Production of: molded rubber products (20 points); production or use of crumb rubber, devulcanized rubber or production of tire shreds (15 points); other uses (5 points).</p>
20	<p>9. Evidence of market potential to absorb, use or commitment(s) to purchase, the product(s) produced from the increase in number of California waste tires processed measured in terms of passenger tire equivalents (PTE) per year. The distribution of points will be as follows: 10 pts for 200,000 up to 249,999 PTE, 12 pts for 250,000 up to 499,999 PTE, 14 pts for 500,000 up to 749,999 PTE, 16 pts for 750,000 up to 1 million PTE, 20 pts for more than 1 million PTE.</p> <p style="text-align: center;">OR</p> <p>Evidence of the likelihood of success bringing the applied technology into a commercial phase with a minimum increase of 200,000 PTE per year (up to 20 pts)</p>
5	<p>10. Applicant has not been awarded any Board grant within the last three FY's (1999/2000 through 2001/2002).</p>
45	TOTAL POSSIBLE PROGRAM CRITERIA POINTS
100	TOTAL POSSIBLE SCORE (Total of General Criteria and Program Criteria Points)
